Legislation

This product classifies as coloring foodstuff according to the NATCOL "Code of Practice for the Classification, Manufacturing, Use and Labelling of Colouring Foods (EU), September 2021".

The product is intended for use in food.

Labeling

Labeling should be done in accordance with EU Regulation 1169/2011/EU on the provision of food information to consumers with later amendments. Ingredients in the preparation having no function in the final food product may be regarded as carry over depending on the final application and the applied dosage, Article 20(b)-(d) EU regulation 1169/2011/EU. This means in most cases only the concentrate shall be declared in the ingredient list of the final food product. Most of our products have undergone both a concentration process and a simple extraction process meaning that both terms "concentrate" and "extract" can be used.
